Overview: This is a 3-credit hour course that is run 100% online. The **1,200 page** online printable textbook contains interactive audio-visual lecture pages that prepare each student for the **1,700 self-testing flashcards** and the **1,400 multiple choice** self-test questions. Ten chapter exercises will follow Chapters 4 and 6 to 14; to help you review the content on the Final Exam. All of your course activities, including your chapter exercises, must be completed before you can take the final exam.

This course is designed to: (1) Improve your vocabulary skills; (2) Prepare you for advanced professional preparation courses by incorporating content taught in advanced medical and scientific courses; (3) Provide you with multiple (**4000**) color medical pictures that will visually assist you in understanding why specific word parts were selected to form the thousands of specialized compound

Medical, Scientific, and English terms discussed in this course; (4) Prepare you for professional school admission tests like the GRE, MCAT, PCAT & DAT.; (5) Provide you with the word part and compound term memorization, repetition, and reinforcement needed to assure mastery of this unique “**Language of Medicine**,” and finally, to (6) Provide you with an opportunity to study and replay the audio-visual online lectures and complete the self-testing activities at your convenience. In addition; free access to multiple medical web search engines (eg., webMD and more) is provided!

Course Objectives: The student will be able to:

- Become fluent with meanings and use of medical terms.
- Spell and Define prefixes, suffixes, and stem words.
- Identify and Explain the function of specific, medical word parts.
- Describe how medical compound terms (words) are constructed.
- Build compound terms using multiple word parts in a combining form.
- Fracture and Analyze key compound medical terms in the Word Part Flashcards, Mult. Choice Questions, & Lecture Slides.
- Define key compound medical terms found on the flashcards, both “literal” meanings and “actual” meanings.
- Spell and Define medical equipment, treatment, disease, and diagnostic compound terms.
- Identify Visually & Describe Verbally, medical problems, disorders, conditions, and diseases.
- Improve comfort level when taking Prof. Admin. Exams (eg, GRE, MCAT, DAT, NCLEX, OAT, PCAT, GMAT, LSAT).
- Interpret and Understand medical course content, literature, records, and research.
- Interpret and Understand word (term) meanings from a wide variety of academic disciplines.

IV. DEADLINES! (Also see Section V, and your Critical Dates Sheet)

Week 1: Start your course.

Failure to start your course by **September 5th** may result in a **deduction of One Point, per day, from your final grade.**

September 26th by 11:59pm: Chapters 1 through 7 Due**

October 3rd by 11:59pm: Mid-Term Examination Due

You may complete the Mid-Term anytime prior to this deadline, provided you have completed Chapters 1 through 7. **If you miss this deadline, you will receive a 0 for the mid-term.**

November 21st by 11:59pm. Chapters 8 to 15 Due**

November 28th, 11:59pm = Final Due Date. Your Final Exam must be **COMPLETED** by this date (note that the last of your coursework was due November 21st!)*

*Between November 29th and December 13th, you will incur a **one (1) Point deduction off your final grade for each day your exam is late!**

Completion of the course (course activities and exam) on any date after December 13th will result in **FAILING** the course.

Abuse of the course flow plan (Section V) may result in a **One Point Deduction per day off your final grade if course activities are not complete by this date.

Extra Credit: There is NONE. Please do NOT ask (if you do, I will NOT respond)! University Policy: Asking for extra points after your course is completed is an HONOR OFFENSE.

VI. GRADING

	Percent of Grade
Course Activities (Lectures, self-testing exercises, & flashcards) To obtain full credit, simply complete Chapters 1-15, including lectures!	40%
Mid-Term Examination Content tested will be on Chapters 1-7	30%
Final Examination Content tested will be on Chapters 1-14	30%
TOTAL	100%

You will receive the full 40% points when you complete all of your course activities, (YAY!). **To calculate your own grade**, fill your Mid-Term and Final Exam grades into the following formula:

$$40\% + [30\% \times \text{Mid-Term Grade}] + [30\% \times \text{Final Exam Grade}] = \text{Final Grade}$$

Example: If you receive an 83% on the final exam, and an 85% on the final, then your final course grade would be: $40\% + [85 \times 30\%] + [87 \times 30\%] = 40 + 25.5 + 26.1 = 91.6$. We round this 91.6 up to 92%, and, you've just earned an A!*

Grading Scale:

A = 92 to 100%	C = 72 to 77%
A- = 90 to 91%	C- = 70 to 71%
B+ = 88 to 89%	D+ = 68 to 69%
B = 82 to 87%	D = 62 to 67%
B- = 80 to 81%	D- = 60 to 61%
C+ = 78 to 79%	E = 00 to 59%

***Rounding up** will only occur if the grade is within 0.5% of the next letter or plus (+) or minus (-) grade.

Notification of Grades: Once you complete your final exam, your instructors will receive notification from Caduceus (your e-textbook publisher). We will, in turn, email you your grade confirmation within 48 hours.

VII. PROCTORU/EXAM INSTRUCTIONS:

This course uses ProctorU, a proctoring service for graded exams. You must follow these guidelines to register and take your two exams. We highly recommend scheduling these exams early in the semester, so you can select the best date for you, and manage your study time around those dates. Before scheduling, you should know:

- Exams can be administered 24-hours a day, seven days a week. You must **schedule your exams at least 72 hours (3 days) prior** to your preferred date to avoid a late reservation fee. Note that late registrations and same day appointments cannot be made online (you must call).
- **Microphone and webcam are required.** Most computers now come equipped with these; but if not, an inexpensive webcam and microphone are fine. Students will NOT be allowed to take an exam without a webcam. Review technical requirements for ProctorU: <http://www.proctoru.com/tech.php>.
- You must **take your exam in a place where other people are not in the room during the exam.**
- **You will need to have some administrative rights on the computer you are using** for the exam to enable the proctoring service to function.

Prior to taking your exam, be prepared for the following:

- You will be asked to provide government-issued photo-identification.
- The space where you are taking your exam must be completely cleared off – no paper, no notes, no books, no phone, etc.

Scheduling and Accessing your Exam:

1. **Register** with ProctorU: Go to <https://go.proctoru.com>. Click “New User? Sign up here” if you don’t already have an account.
2. Once registered, find our exam and schedule an appointment. Here is how you search for our exam:
Institution: "University of Florida"
Term: "Fall 2018"

For the Mid-Term Exam: "HSC5536, Medical Terminology, Mid-Term – [Instructor Name]"

For the Final Exam: "HSC5536, Medical Terminology, Final Exam – [Instructor Name]"

****If you experience any issues, you can receive quick assistance from the ProctorU Team by clicking the 'Live Chat' button. Or, you can always call ProctorU’s hotline at 855-772-8678; select option 1.**

3. Review their website for how to log on for your exam. Remember, your exams are IN your e-textbook. You access them through the same website you use for your course activities; the ProctorU proctor will have the password for the exam.

**** IT IS YOUR RESPONSIBILITY TO ENSURE THAT YOUR COMPUTER HAS BOTH THE NECESSARY POWER (to ensure it will not shut down on you), AND A STRONG INTERNET CONNECTION (so that the webcam connection works smoothly for you).****

VIII. UF POLICY STATEMENTS:

Academic Honesty: “The University of Florida requires all members of its community to be honest in all their endeavors. Students are required to commit themselves to academic honesty by signing a prescribed basic statement, including the *Student Honor Code*, as part of the registration process. “ As a member of the UF community, students pledge on their honor to neither give nor receive unauthorized aid while working or completing assignments and examinations. “Any individual who becomes aware of a violation of the Student Honor Code is bound by honor to take corrective action.” Violations of the UF Academic Honesty Guidelines will not be tolerated and violators will be treated in accordance with the UF Student Honor Code.

Accommodations for Students with Disabilities : "Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation."
