

Below is a list of peer-review journal articles from the FDACS. All the summaries or abstracts of these articles are publicly available from the National Library of Medicine MEDLINE web site at <http://www.ncbi.nlm.nih.gov/PubMed/> - then search by author or title.

in print (total of 75)

Boykin MJ, Gilbert GH, Tilashalski KR, Litaker MS. Racial differences in baseline treatment preference as predictors of receiving a dental extraction versus root canal therapy during 48 months of follow-up. *Journal of Public Health Dentistry* 2009; 69(1): 41-47.

Gilbert GH, Bader JD, Litaker MS, Shelton BJ, Duncan RP. Patient-level and practice characteristics associated with receipt of preventive dental services: 48-month incidence. *Journal of Public Health Dentistry* 2008; 68(4): 209-217.

Meng X, Gilbert GH, Litaker MS. Dynamics of satisfaction with dental appearance among dentate adults: 24-month incidence. *Community Dentistry and Oral Epidemiology* 2008; 36(4): 370-381.

Gilbert GH, Litaker MS, Makhija SK. Differences in quality between dental practices associated with race and income mix of patients. *Journal of Health Care for the Poor and Underserved* 2007; 18(4): 847-867.

Meng X, Gilbert GH, Duncan RP, Heft MW. Satisfaction with dental appearance among diverse groups of dentate adults. *Journal of Aging and Health* 2007; 19(5): 778-791.

Meng X, Gilbert GH. Predictors of change in satisfaction with chewing ability: a 24-month study of dentate adults. *Journal of Oral Rehabilitation* 2007; 34(10): 745-758.

Gilbert GH, Litaker MS. Validity of self-reported periodontal status in the Florida Dental Care Study. *Journal of Periodontology* 2007; 78(7s): 1429-1438. [*written due to request from the Centers for Disease Control and Prevention*].

Tilashalski KR, Gilbert GH, Boykin MJ, Litaker MS. Racial differences in treatment preference: oral health as an example. *Journal of Evaluation in Clinical Practice* 2007; 13(1):102-108.

Gilbert GH, Weems RA, Litaker MS, Shelton BJ. Practice characteristics associated with patient-specific receipt of dental diagnostic radiographs. *Health Services Research* 2006; 41(5): 1915-1937.

Riley JL III, Gilbert GH, Heft MW. Dental attitudes: proximal basis for oral health disparities. *Community Dentistry and Oral Epidemiology* 2006; 34(4): 289-298. [*This article was reviewed for its contribution to the literature in: Brennan D. Article analysis and evaluation: Dental attitudes provide a proximate explanation for oral health disparities. Journal of Evidence-Based Dental Practice* 2007; 7: 144-145.]

Gilbert GH, Shewchuk RM, Litaker MS. Effect of dental practice characteristics on racial disparities in patient-specific tooth loss. *Medical Care* 2006; 44(5): 414-420.

Tilashalski KR, Gilbert GH, Boykin MJ, Shelton BJ. Root canal treatment in a population-based adult sample: differences in patient factors and types of teeth treated between endodontists and general dentists. *Community Dental Health* 2006; 23(1): 21-25.

Gilbert GH. Racial and socioeconomic disparities in health from population-based research to practice-based research: the example of oral health. *Journal of Dental Education* 2005; 69(9): 1003-1014. [*written due to request for the 2004 Elders' Oral Health Conference held in Boston, MA in September 2004*].

Gilbert GH, Shelton BJ, Fisher MA. 48-month periodontal attachment loss incidence in a population-based cohort study: role of baseline status, incident tooth loss, and specific behavioral factors. *Journal of Periodontology* 2005; 76(7): 1161-1170.

Riley JL III, Gilbert GH. Childhood dental history and adult dental attitudes and beliefs. *International Dental Journal* 2005; 55(3): 142-150.

Riley JL III, Gilbert GH, Heft MW. Orofacial pain: patient satisfaction and delay of urgent care. *Public Health Reports* 2005; 120(2): 140-149.

Fisher MA, Gilbert GH, Shelton BJ. Effectiveness of dental services in facilitating recovery from oral disadvantage. *Quality of Life Research* 2005; 14(1):197-206.
