Course Overview

This course is designated to understand the US health insurance system. Determining the optimum combination of mechanisms by which our society and its members can pay for health care has been an enduring element of our national health policy conversation for more than a hundred years. And it can be found in the historical record of other cultures for more than a millennium. It is an area that encompasses (a) an ongoing philosophical conversation about the nature of health care and related fiscal considerations; and (b) a much more pragmatic set of conversations reflecting premiums, payments and processes as they are currently operative.

Course Objectives and/or Goals

Upon completion of the course, students are expected to be able to

1. Describe the extent and nature of health insurance coverage in the United States;
2. Identify distinguishing characteristics of suppliers of health insurance;
3. Enumerate and evaluate the salient characteristics of a health plan;
4. Explain the mechanism of risk assessment;
5. Compare various methods by which health plans reimburse providers of health services;
and
6. Analyze the likely effects of proposed policy changes related to health insurance.

ACADEMIC REQUIREMENTS AND GRADING

Assignments

1. Dictionary Project (10 points)

It allows students to understand insurance terms. Each Student will be assigned to three terms and explain them. All entries should be completed by **Monday, January 18 (Mon) 11:59pm**. Late submission will be penalized with 1 point deduction. Terms and definitions will be used in the mid-term and final exams.

- a. Google sheet (5 points): The URL link is posting on Announcement tab on Canvas. Insert definition on google sheet by January 18 (Mon) 11:59pm. Explanations should be maximum 50 words and identify references to the next column (no wikipedia, no personal blog). Warning: plagiarism. "MUST write an explanation in your own words".
- b. Participants (5 points): Students should be prepared to explain the term during the class when the assigned term is asked. Absence or no response will be penalized of 0.5 point.

2. 3-minute Brief (10 points)

It is designated to understand the most recent health insurance policies and changes and think the impact of these changes on the current US health care system. Through this activity, students will assess and synthesize key trends of the US health insurance and health care system with critical thinking. In addition, this activity will train students to present brief updates to senior managers in the future.

The topic should be relevant to the health insurance policies and plans. First session should summarize and highlight what is the current situation and what are changes in health insurance field. Too much detailed or unnecessary information is to be avoided. The next session should address the implication of the current health insurance policies and changes in the US health care system. Specifically, critical thinking is required to respond the following questions: 1) What does that mean?, 2) How can the situation be interpreted? and 3) what do we need to consider for the future?.

- a. Brief writing (5 points): **Due date is Sunday 5pm before the assigned presentation date.**
A brief report should be submitted on Canvas Assignment tab. Should be maximum 1-page length excluding tables, figures and references. The AMA style format should be used. Extra page and late submission will be penalized.
- b. 3-minute brief (5 points): **In class.**
Suppose that you are invited to the board meeting with senior managers in order to report the most recent updates of the health insurance. Students will convey the summary and implications within 3 minutes in a professional way. Visual supplements are not required.

3. Get Coverage Project (35 points)

It is comprehensive project that allows students think specific scenario and suitable insurance options. It might contribute to understanding actual underwriting system and a variety of insurance options. Furthermore, student may learn how to apply knowledge of insurance mechanism to select actual insurance options in real world.

- a. *Create brief scenario (5 points):* **Due by Feb 12 (Friday, 5pm)**
Each student should submit a brief (100 or so word) case idea on the discussion board. Each idea should be unique. If substantially duplicated ideas are submitted, the first received will be accepted. Submissions will be evaluated for their uniqueness, complexity and contribution to the education of the class.
- b. *Create short lists of feasible insurance options (10 points):* **Due by March 12 (Friday 5pm)**
One page annotated situational diagram describing the dynamic process (or processes) at play and specifying options (2-3 plans required) and special considerations such as enrollment status, co-pays, deductibles, sliding scales, needs eligibility and so on. Alternatives should be evaluated.
- c. *Trade off analysis in order to determine final insurance option*
A document that takes the point of view of the insurer, the employer or the individual and any intermediaries (such as an employer or union). This should include a decision tree or other decision making tool. Trade-offs should be discussed.

d. *White Paper (15 points):* **Due by April 9 (Fri, 5pm)**

A 3-page unified document that **integrates the pieces** with a narrative so that it might be used as a “white paper” for decision making. The white paper should contain a discussion of how systems improvements can be made to better facilitate the case and the barriers those suggested improvements will face.

Rubric

Scenario (2 points): Scenario is developed and clearly describes the characteristics, needs and circumstance.

Decision making (10 points): Describe the process of decision making based upon rigorous analysis and comparisons among options. Justify the final decision making clearly and precisely.

Implication (3 points): Discuss how systems improvement can be made to better facilitate the case and barriers clearly.

e. *Presentation (5 points):* **In-class on Apr 6 and 13**

Students will introduce their insurance plan for their own artificial client. Presentation should be delivered in maximum 7 minutes and 3 minutes for Q&A from peers and the instructor. Presentation contains four sections, 1) introduce 2-3 health insurance options, 2) compare advantages and disadvantages of each plan, 3) justify your final choice, and 4) discuss what and how to improve to better facilitate the case and the barriers. Powerpoint is required.

Grading

Requirements		Points of final grade
Exam	Mid-term	20
	Final	20
Dictionary		10
3-minute Brief		10
Get Coverage Project		35
Attendance		5
Total		100

Point system used (i.e., how do course points translate into letter grades):

Percentage Earned	Letter Grade
93-100	A
90-92	A-
87-89	B+
83-86	B
80-82	B-
77-79	C+
73-76	C
70-72	C-
67-69	D+
63-66	D
60-62	D-
Below 60	E

- There will be no rounding up for grade increments, for example a 92.99 is an A-. Please be aware that a C- is not an acceptable grade for graduate students. The GPA for graduate students must be 3.0. in all 5000 level courses and above to graduate. A grade of C counts toward a graduate degree

only if a sufficient number of credits in courses numbered 5000 or higher have been earned with a B+ or higher.

Letter Grade	Grade Points
A	4.0
A-	3.67
B+	3.33
B	3.0
B-	2.67
C+	2.33
C	2.0
C-	1.67
D+	1.33
D	1.0
D-	0.67
E	0.0
WF	0.0
I	0.0
NG	0.0
S-U	0.0

Exam Policy

Policy Related to Make up Exams or Other Work

Any requests for make-ups due to any issues, you MUST e-mail me within 24 hours of the technical difficulty if you wish to request a make-up.

Late Submissions

Late assignments: Assignments turned in up to 24 hours late will be deducted 0.5point of the grade they would otherwise receive. Assignments turned in more than 24 hours late will be discounted at an additional 0.5 point per day, unless arrangements have been made in advance with the instructor. Please note: assignments turned in at 11:59:01PM are LATE, the computer counts on-time submission up to 11:59:00PM, so do not wait until 11:54 or later to submit an assignment unless you understand that your assignment may be marked late. It is the responsibility of students to open your submission and verify not only that an assignment was submitted, but that an attachment was made and was the correct attachment.

Missed Assignments: Missed assignments and discussion posts will contribute zero points toward your final grade.

Special Circumstances: In the event of exceptional situations that may interfere with your ability to perform an assignment or meet a deadline, contact the instructor as soon in advance of the deadline as possible. Such special cases will be dealt on an individual basis, provided you have sufficient documentation. It may be possible to avoid a late penalty if you contact the instructor at least 24 hours in advance. You should email both the instructor and the TA, and explain what issue (e.g., bereavement, illness) necessitates lateness. In some cases, documentation may be requested. If a lateness allowance is agreed to, this applies to a single assignment only. It does not allow you to delay future assignments.

Policy Related to Required Class Attendance

Regular attendance is expected. Students should notify the instructor about upcoming absences as soon as they become aware of potential conflicts. Unexcused absences without notification will be penalized. Multiple absences may result in a reduction of a student's attendance grade.

Please note all faculty are bound by the UF policy for excused absences.

Excused absences must be consistent with university policies in the Graduate Catalog (<http://gradcatalog.ufl.edu/content.php?catoid=10&navoid=2020#attendance>) and require appropriate documentation. Additional information can be found here:

<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>

Policy Related to Guests Attending Class:

Only registered students are permitted to attend class. However, we recognize that students who are caretakers may face occasional unexpected challenges creating attendance barriers. Therefore, by exception, a department chair or his or her designee (e.g., instructors) may grant a student permission to bring a guest(s) for a total of two class sessions per semester. This is two sessions total across all courses. No further extensions will be granted. Please note that guests are not permitted to attend either cadaver or wet labs. Students are responsible for course material regardless of attendance. For additional information, please review the Classroom Guests of Students policy in its entirety. Link to full policy: <http://facstaff.phhp.ufl.edu/services/resourceguide/getstarted.htm>

Face-to-Face Presentation Guideline: We will have face-to-face instructional sessions to accomplish the student learning objectives of this course. In response to COVID-19, the following policies and requirements are in place to maintain your learning environment and to enhance the safety of our in-classroom interactions.

- **You are required to wear approved face coverings at all times during class and within buildings.** Following and enforcing these policies and requirements are all of our responsibility. Failure to do so will lead to a report to the Office of Student Conduct and Conflict Resolution.
- This course has been assigned a physical classroom with enough capacity to maintain physical distancing (6 feet between individuals) requirements. Please utilize designated seats and maintain appropriate spacing between students. Please do not move desks or stations.
- Sanitizing supplies are available in the classroom if you wish to wipe down your desks prior to sitting down and at the end of the class.
- Follow your instructor's guidance on how to enter and exit the classroom. Practice physical distancing to the extent possible when entering and exiting the classroom.
- If you are experiencing COVID-19 symptoms (<https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>), please use the UF Health screening system (<https://coronavirus.uflhealth.org/screen-test-protect/covid-19-exposure-and-symptoms-who-do-i-call-if/>) and follow the instructions on whether you are able to attend class.
 - Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work (<https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/>).

Online Synchronous Sessions:

Our class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

Professionalism Course Requirement language

Since "Professionalism" is a hallmark of patient and population care, and central to the mission of the College of Public Health and Health Professions, it will be assessed in this course. Student demeanor and observable behavior are central components to assessing one's professionalism and will therefore need to be observed and occasionally recorded within this class. To facilitate a proper evaluation of professionalism in online sessions, Zoom synchronous sessions may be audio-visually recorded and students will be asked to keep

their cameras on during class. Failure to turn on the camera could result in the student not receiving a professionalism score.

STUDENT EXPECTATIONS, ROLES, AND OPPORTUNITIES FOR INPUT

Expectations Regarding Course Behavior

Students are expected to arrive for class on time, and be prepared and ready to participate in class discussions. Students are required to silence all cell phones and close all laptop computers during class unless they are to be used to support directed class activities.

Communication Guideline

Preferred communication is via direct UFL email. Response within 24 hours to emails received on weekdays (M-F) and 48 hours to emails received over the weekend. Response via Canvas Message may be delayed.

Academic Integrity

Students are expected to act in accordance with the University of Florida policy on academic integrity. As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge:

“We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.”

You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied:

“On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For additional information regarding Academic Integrity, please see Student Conduct and Honor Code or the Graduate Student Website for additional details:

<https://www.dso.ufl.edu/sccr/process/student-conduct-honor-code/>

<http://gradschool.ufl.edu/students/introduction.html>

Please remember cheating, lying, misrepresentation, or plagiarism in any form is unacceptable and inexcusable behavior.

Online Faculty Course Evaluation Process

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.ua.ufl.edu/students/>. Students will be notified when the evaluation period opens and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.ua.ufl.edu/public-results/>.

SUPPORT SERVICES

Accommodations for Students with Disabilities

If you require classroom accommodation because of a disability, it is strongly recommended you register with the Dean of Students Office <http://www.dso.ufl.edu> within the first week of class or as soon as you believe you might be eligible for accommodations. The Dean of Students Office will provide documentation of accommodations to you, which you must then give to me as the instructor of the course to receive accommodations. Please do this as soon as possible after you receive the letter. Students with disabilities

should follow this procedure as early as possible in the semester. The College is committed to providing reasonable accommodations to assist students in their coursework.

Counseling and Student Health

Students sometimes experience stress from academic expectations and/or personal and interpersonal issues that may interfere with their academic performance. If you find yourself facing issues that have the potential to or are already negatively affecting your coursework, you are encouraged to talk with an instructor and/or seek help through University resources available to you.

The Counseling and Wellness Center 352-392-1575 offers a variety of support services such as psychological assessment and intervention and assistance for math and test anxiety. Visit their web site for more information: <http://www.counseling.ufl.edu>. On line and in person assistance is available.

You Matter We Care website: <http://www.umatter.ufl.edu/>. If you are feeling overwhelmed or stressed, you can reach out for help through the You Matter We Care website, which is staffed by Dean of Students and Counseling Center personnel.

The Student Health Care Center at Shands is a satellite clinic of the main Student Health Care Center located on Fletcher Drive on campus. Student Health at Shands offers a variety of clinical services. The clinic is located on the second floor of the Dental Tower in the Health Science Center. For more information, contact the clinic at 392-0627 or check out the web site at: <https://shcc.ufl.edu/>

Crisis intervention is always available 24/7 from:

Alachua County Crisis Center:

(352) 264-6789

<http://www.alachuacounty.us/DEPTS/CSS/CRISISCENTER/Pages/CrisisCenter.aspx>

Do not wait until you reach a crisis to come in and talk with us. We have helped many students through stressful situations impacting their academic performance. You are not alone so do not be afraid to ask for assistance.

Inclusive Learning Environment

Public health and health professions are based on the belief in human dignity and on respect for the individual. As we share our personal beliefs inside or outside of the classroom, it is always with the understanding that we value and respect diversity of background, experience, and opinion, where every individual feels valued. We believe in, and promote, openness and tolerance of differences in ethnicity and culture, and we respect differing personal, spiritual, religious and political values. We further believe that celebrating such diversity enriches the quality of the educational experiences we provide our students and enhances our own personal and professional relationships. We embrace The University of Florida's Non-Discrimination Policy, which reads, "The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans' Readjustment Assistance Act." If you have questions or concerns about your rights and responsibilities for inclusive learning environment, please see your instructor or refer to the Office of Multicultural & Diversity Affairs website: www.multicultural.ufl.edu
