Instructional Methods

UF HyFlex

The HyFlex learning experience may be different from what you have experienced before.

Please be patient: All of us (and particularly I) will have our (my) attention split between the virtual and physical learning environments, the learning experience will be different and potentially sometimes frustrating for all of us. It will be important for all of us to manage our expectations within this hybrid learning environment of virtual and physical spaces and provide caring and compassion for ourselves and our peers. Technical issues and delays in real-time response should be expected and treated with extra reserves of patience.

Bring your own device: Whether in-person or online / remote, have your device and a headset with microphone, so that you can log into the Zoom session and take part in breakout sessions and other learning activities (e.g., polling) in Zoom.

Focus on learning: When using technology during class, please be respectful and limit distracting activities. Social media, streaming entertainment, etc., as well as homework for other classes, should not be your focus during the synchronous sessions.

Be aware - I plan to record: Lecture from the synchronous sessions may/will be recorded. Please review the UF policies on recorded sessions at the end of the syllabus. I am asking that (unless technical issues with bandwidth or similar circumstances make it difficult) you do use your camera during class.

The course is housed in UF e-Learning in Canvas. This course uses a combination of lecture and seminar with guest lectures. Regular class attendance is absolutely critical to be successful in HSA 6385. While course readings and class presentations are posted on Canvas, understanding the material requires active participation in class and group discussions and detailed note-taking.

Policy Related to Required Class Attendance

Excused absences must be consistent with university policies in the Graduate Catalog (<http://gradcatalog.ufl.edu/content.php?catoid=10&navoid=2020#attendance>) and require appropriate documentation.

Policy Related to Guests Attending Class:

Only registered students are permitted to attend class. However, we recognize that students who are caretakers may face occasional unexpected challenges creating attendance barriers. Therefore, by exception, a department chair or his or her designee (e.g., instructors) may grant a student permission to bring a guest(s) for a total of two class sessions per semester. This is two sessions total across all courses. No further extensions will be granted. Please note that guests are **not** permitted to attend either cadaver or wet labs. Students are responsible for course material regardless of attendance. For additional information, please review the Classroom Guests of Students policy in its entirety. Link to full policy: <http://facstaff.php.ufl.edu/services/resourceguide/getstated.htm>

Late Assignments:

Graders will not contact you about missing or incomplete assignments. It is your responsibility to check that the correct assignment has been submitted to Canvas on time. In rare cases, the instructor may accept a late assignment (e.g., bereavement, illness). If one team member is out, please ensure another team member is able to submit the assignment on time.

STUDENT EXPECTATIONS, ROLES, AND OPPORTUNITIES FOR INPUT

The 5 P's of Student Responsibility for HyFlex Attendance during the Pandemic:

Patience: Be patient with the faculty, TAs and peers! This is new. There will be tech challenges.

Preparation: Be prepared for class! This applies to both the content and having your computer & headset/mic set-up ready to go.

Participation: Stay focused. The more you focus and participate the more you learn. Ask questions! Whether you are in person or online / remote — **ask questions**. You are responsible for your own learning. Attending the synchronous sessions as scheduled and participating in the learning activities will facilitate your ability to succeed in this course.

PPE and PHA (Personal Protective Equipment and Public Health Awareness): Follow UF guidelines and **wear your mask** if you are on campus in the classroom and in all face-to-face interactions. **Stay home if**

you are ill, have any of the symptoms on the UF screening tool, or think you have been exposed to COVID. (See official policies below.)

Attendance and Recordings

Recordings are not intended to be a replacement or substitute for attending synchronous sessions. They are intended to be a stop-gap for those who miss class due to illness or life events that are unfortunately common during the pandemic. Recordings will be made available in Canvas. As soon as links are available, I will post these. If you miss a class meeting for any reason, make sure to communicate with your professor and TAs and check with a peer who attended and watch the recordings.

Note on official policies that still apply

The COVID-19 Related Policies rolled out for fall still apply. Please be sure to include any that are applicable to your course.

Expectations Regarding Course Behavior

It is important to attend all classes, take detailed notes, and actively participate in class and group discussions in order to succeed in the course. It is also critical for students to work together effectively in a team. The course will go over common behaviors that make individuals good team members. Finally, students are expected to be engaged and respectful of the instructor and guest speakers.

Communication Guidelines

Please email the instructor with any questions that you have. Please allow a 2-day business response time.

If you have an urgent concern, feel free to call my office line.

Inclusive Learning Environment

Public health and health professions are based on the belief in human dignity and on respect for the individual. As we share our personal beliefs inside or outside of the classroom, it is always with the understanding that we value and respect diversity of background, experience, and opinion, where every individual feels valued. We believe in, and promote, openness and tolerance of differences in ethnicity and culture, and we respect differing personal, spiritual, religious and political values. We further believe that celebrating such diversity enriches the quality of the educational experiences we provide our students and enhances our own personal and professional relationships. We embrace The University of Florida's Non-Discrimination Policy, which reads, "The University shall actively promote equal opportunity policies and practices conforming to laws against discrimination. The University is committed to non-discrimination with respect to race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information and veteran status as protected under the Vietnam Era Veterans' Readjustment Assistance Act." If you have questions or concerns about your rights and responsibilities for inclusive learning environment, please see your instructor or refer to the Office of Multicultural & Diversity Affairs website: www.multicultural.ufl.edu

You are required to wear approved face coverings at all times during class and within buildings.

Following and enforcing these policies and requirements are all of our responsibility. Failure to do so will lead to a report to the Office of Student Conduct and Conflict Resolution.

Sanitizing supplies are available in the classroom if you wish to wipe down your desks prior to sitting down and at the end of the class.

Follow your instructor's guidance on how to enter and exit the classroom. Practice physical distancing to the extent possible when entering and exiting the classroom.

Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live.
